Hello, everyone. I'm Yumi. I'm sixteen years old. I have a father, a mother and one brother. I came to Japan with my family six years ago. Before coming to Japan, I lived in Canada. I was born in Canada.

When I was ten years old, I started my life in Japan with my family. I could not speak Japanese then. So it was hard for me to make friends at school. It was also difficult for me to study at school. My teacher Ms. Yamamoto was very kind to me. I studied with her after school every day, and she taught me many things. I was very happy.

Now, look at these beautiful pictures of Japan. Ms. Yamamoto gave them to me at that time. I like them very much.

After a few years, my Japanese became very good. Now I have many friends and enjoy talking with them. I will never forget Ms. Yamamoto.

I want to be a teacher, and I want to teach my students many things. That's my dream. Thank you. (3秒)
